

# ABOUT THE GAME — GIVE ME CHANCES™

**Give Me Chances™** is a simple game with a big purpose:  
to remind us that life is made of chances—taken, missed, shared, and given.

Born from the idea that every moment offers possibility, the game blends playfulness with meaning. Players draw cards, face twists of fate, recover from missed chances, and sometimes get a second chance—just like life.

Beneath the lighthearted gameplay, Give Me Chances™ is filled with intentional symbolism. Here's what makes the game more than a deck of cards:

## ✨ CHANCES — A Word With Purpose

The game's name is also its message.

**C.H.A.N.C.E.S.** stands for:

Chances  
Help  
And  
Nurture  
Change  
Every  
Second

A reminder that every moment holds a doorway—even the small ones.

## ✨ The Flow of the Game Mirrors Life

- You draw a card without knowing what's coming.
- You decide how to respond.
- Sometimes you gain something.
- Sometimes you lose something.
- Sometimes you must let go of a letter you needed.
- And sometimes you get exactly what you hoped for.

The game isn't just about winning—  
it's about recognizing how chances come, go, and return in unexpected ways.
